TOGAF® 9.2 Certified- Exam Preparation Course

Program Outline

Program Overview

This 2-day program on TOGAF® 9 Foundation course is to provide validation that, in addition to the knowledge and comprehension of TOGAF® 9 Foundation, the Candidate is able to analyze and apply this knowledge. The focus this time will be on application and analysis in addition to knowledge and apprehension.

Duration

2-day program

Learning Objectives

Individuals certified at this level will have demonstrated their understanding of:

- How to apply the ADM Phases in development of an Enterprise Architecture
- How to apply architecture Governance in development of an Enterprise Architecture
- How to apply the TOGAF Architecture Content Framework
- How to apply the concept of Building blocks
- How to apply the Stakeholder Management Technique
- How to apply the TOGAF Content Metamodel
- How to apply the TOGAF Standard recommended techniques when developing an enterprise architecture
- The TOGAF Technical Reference Model and how to customize it to meet an organization's needs
- The integrated Information Infrastructure Reference Model
- The content of the key deliverables of the ADM cycle
- How an Enterprise Architecture can be partitioned to meet the specific needs of an organization
- The purpose of the architecture repository
- How to apply iteration and different levels of architecture with the ADM
- How to adapt the ADM for security
- The role of architecture maturity models in developing an Enterprise Architecture
- The purpose of the Architecture Skills Framework and how to apply it within an organization

Target Audience

This training is appropriate to the following audience:

- Individuals who require a basic understanding of the TOGAF 9 standard
- Professionals who are working in roles associated with an architecture project as those responsible for planning, execution, development, delivery and operation
- Professionals who are looking for an advanced learning to the TOGAF 9 standard
- Professionals who want to achieve level 2 certification in a stepwise approach

Program Structure and Outline

The program is delivered using a combination of instructor-led discussion, group activities, workshops and case study analysis, emphasizing practical implementation of the concepts discussed within the training.
